West Grand Avenue On-Ramp Improvement (Alameda County I-880, I-80): Bus Lane Project

The Metropolitan Transportation Commission (MTC) in cooperation with Caltrans is undertaking the West Grand Avenue On-ramp Improvements – Bus Lane Project in the City of Oakland, Alameda County. The Project is intended to increase Transbay person throughput by providing access and operational improvements for public transit buses and high occupancy vehicles (HOVs), through conversion of approximately 1,300 feet of the right shoulder on the West Grand Avenue on-ramp and northbound I-880 connector approach to the San Francisco Oakland Bay Bridge (SFOBB), to a Bus Lane. The Bus Lane will be open to public transit buses 24/7, and will be opened to HOVs during the peak periods only.

There will be construction activity above and around the Bay Bridge Trail as it passes under the northbound I-880 connector ramp to westbound I-80. The trail will not be closed during construction. Pedestrians and cyclists will need to use extra caution and slow speeds when passing through this area. Delays of up to 10 minutes are possible while the contractor is working in the area.

Anticipated Schedule

September 2018 through December 2018
Intermittent construction activity
Daytime and Nighttime

WHAT TO EXPECT

Pedestrians and Cyclists may experience delay of up to 10 minutes and are advised to use extra caution and slow speeds when passing through the area.
